

FOR THE ORGANISER

FROM 6 YEARS OLD

For Easter, we suggest a special game to hide your chocolates and make your Egg Hunt a funny moment!

Mission: The children must decipher the coded message to find the surprise.

This is the «Code Caesar» method which moves the letters of the alphabet by one letter.

Ex : A becomes B, B becomes C...

The message already written means «The surprise is in...», you have to add the place where the chocolates will be hidden.

Some examples of places are given on the reverse side.

Steps :

1. Cut out the mask following the dotted lines.
2. Put a string through the holes to hold the mask in place.
3. Add the location of your hiding place, leaving a space for the children to write the words.
4. Hide the chocolates.
5. Read to the children, «A coded message is hidden, if you find it, there will be a surprise for you.»
6. The Egg Hunt can begin!

If bells ring Ding Dong...
